

Children's Ministry Report

Children's Ministry has had a few more changes this year with more leaders coming on board and plenty more helpers.

Elisa Hunter has been doing a fantastic job with Generation Next since she took it on board last year. She has created a fun interactive curriculum, How God created us and how valued we are is being learnt through a lesson plan called 'we are fearfully & wonderfully made'. There has been a great response from the children about how fun it is to learn about God in such an exciting way. Elisa has split the discussion times into two small age groups of prep-grade 4 and grade 5 -7, which has shown a big difference in the responding as they are feeling more comfortable to speak out.

In Nippers we have been learning more and more about who God made in our families and the world around us, How to love them. The little ones have a great time listening to the story, interacting through answering questions that relate to the story. Craft time sees a lot of little budding artists emerging, a lot of them very proud to hang the finish product on the craft wall for all to see and admire. It's been great to see the imaginative minds exploring during the free play time as they start to turn into builders, race car drivers, dancers and many more. Many friendships have formed during this time and all are learning the art of sharing and including our newest little treasures.

Along the way we as leaders are collectively working together to rise up the next generation of leaders to carry on the legacy of imparting the in lives of these wonderful children. As Jesus said in Matthew 6 ' Let the children come to me' this is our mandate in Suncity Children's Ministry, to allow our children to come to Jesus in a loving, caring, safe environment; learning about His love and there purpose for being on this earth.

Kristie Harris
